Professional Opportunities

Visit www.aspet.org for an expanded listing of professional opportunities.

POSITION OPEN

FACULTY POSITION POSTING • DEPARTMENT OF PHARMACEUTICAL AND ADMINISTRATIVE SCIENCES • CONCORDIA UNIVERSITY

Concordia University Wisconsin School of Pharmacy (CUWSOP) invites applications for faculty positions in the Department of Pharmaceutical and Administrative Sciences. Teaching responsibilities will be determined based on the candidates' interest and expertise and the needs of the School and could include pharmacology, pharmaceutics, pharmacokinetics, pharmacogenomics and/or medicinal chemistry. Research and scholarly activities in the candidate's area of pharmaceutical science expertise, teaching, or another area relevant to the candidates' experience and interest will be expected. Service in the School, University, and the profession is expected.

Candidates must have a Pharm.D. degree and a residency and/or fellowship (or equivalent training) OR a Ph.D. degree in their area of teaching and scholarly expertise. Excellent written and oral communications are required.

CUW is a Higher Learning Commission accredited, coeducational, liberal arts school. In addition to Pharmacy, Concordia offers 55 undergraduate majors of study, 14 master's degrees, doctoral programs in Physical Therapy and Nursing Practice, and 6 accelerated undergraduate majors. Concordia's campus is located on 200 acres on the shore of Lake Michigan, just 20 minutes north of downtown Milwaukee. The university is sponsored by the Lutheran Church –Missouri Synod.

Questions regarding this posting should be directed to John Dellinger, Ph.D., Chair, Pharmaceutical & Administrative Sciences, School of Pharmacy at john.dellinger@cuw.edu or 262-243-2760.

Qualified applicants should send the following to the address listed below: 1) a cover letter including a statement of teaching philosophy, 2) a completed Concordia application which can be downloaded from www.cuw.edu/hr, 3) curriculum vitae, 4) names, addresses, and phone numbers of three individuals who can be contacted as references.

Human Resources – Dept. PharmSCIENCE
Concordia University Wisconsin
12800 North Lake Shore Drive
Mequon, WI 53097
human.resources@cuw.edu

Review of applications will begin immediately and will continue until successful candidates are identified. The anticipated start date is the summer/fall of 2010.

POSITION OPEN

ASSISTANT/ASSOCIATE PROFESSOR IN PHARMACOLOGY • NORTH DAKOTA STATE UNIVERSITY

The Department of Pharmaceutical Sciences at North Dakota State University invites applications for a tenure-track faculty position at the rank of Assistant/Associate Professor, with appointment beginning on or after August 15, 2010. Candidates must hold a doctoral degree in pharmacology, physiology, or closely related field, have at least two years of postdoctoral experience with a strong record of scholarship, and possess good interpersonal skills and effective written and oral communication skills. Preference will be given to applicants with training and research expertise in areas that complement existing departmental strengths in cancer, cardiovascular, and vaccine research. The successful candidate will be expected to establish an externally funded research program, teach and mentor graduate students, and participate in team-taught pharmacology courses offered to pharmacy students. A highly competitive salary and a start-up package commensurate with qualifications and experience are available. Currently, the fast growing department has 12 faculty members, 30 doctoral students and 8 post-doctoral fellows/research associates, has a Center of Excellence, Center of Biopharmaceutical Research and Production (CBRP), and participates in a NIH-funded (\$10.5 million) Center of Biomedical Research Excellence. Additional information about the Department and University can be obtained at nds.u.edu/pharmsci/.

Application deadline is December 31st, 2009, or thereafter until the position is filled. The application portfolio containing the curriculum vitae, statement of teaching philosophy, description of research interests and future plans, and three letters of reference must be submitted electronically: <https://jobs.ndsu.edu/applicants/Central?quickFind=51125>. For more information, please contact Dr. Stephen O'Rourke (e-mail: stephen.orourke@nds.u.edu), North Dakota State University College of Pharmacy, Nursing and Allied Sciences, Fargo, ND 58105.

NDSU is an equal opportunity institution. Women and traditionally underrepresented groups are encouraged to apply.

TRAINING PROGRAM IN PHARMACOLOGICAL SCIENCES • DEPARTMENT OF PHARMACOLOGY • VANDERBILT UNIVERSITY SCHOOL OF MEDICINE

The Graduate Training Program in the Department of Pharmacology at Vanderbilt University School of Medicine is committed to developing leaders in academia, industry and regulatory affairs careers. To learn more about the Ph.D. degree in Pharmacology and to learn about research being conducted in individual faculty labs please visit vanderbilt.edu/pharmacology. The Vanderbilt Pharmacology Graduate Training Program is highly ranked in NIH funding and is a leader in scientific citations and scholarly productivity. Almost 70 scientists in training are addressing questions in key areas of biology and disease. For additional information contact Karen Gieg at 615-322-1182 or karen.gieg@vanderbilt.edu.

POSITION OPEN

UNIVERSITY OF MARYLAND
SCHOOL OF MEDICINE

CHAIR POSITION • DEPARTMENT OF PHARMACOLOGY AND EXPERIMENTAL THERAPEUTICS • UNIVERSITY OF MARYLAND SCHOOL OF MEDICINE

Applications for the position of Chair of the Department of Pharmacology and Experimental Therapeutics at the University of Maryland School of Medicine (SOM) are invited from established, dynamic scientists with a creative vision of contemporary pharmacology. The Department was established in 1920, and currently has major research strengths in neuropharmacology, oncopharmacology and toxicology (see pharmacology.umaryland.edu/).

The successful candidate should have a superb record of scholarly activity, extramural funding and service, together with proven leadership, mentoring and administrative abilities, a legacy of building interdisciplinary programs and resources, and a commitment to further expand the high national and international visibility and prestige of the Department. Nominations and applications should be sent to Dr. Meredith Bond, Chair, Search Committee for the Chair of Department of Pharmacology and Experimental Therapeutics, at pharmsearch@som.umaryland.edu. Applicants should submit, by email, a letter summarizing their qualifications and interest in the position and an updated Curriculum Vitae. The letter should specify research, teaching, service, administrative experience, mentoring history and interdisciplinary achievements. All inquiries, nominations and applications will be treated confidentially. For more information, please visit the University of Maryland School of Medicine website at medschool.umaryland.edu. For questions or additional information, contact Dr. Bond directly at mbond@som.umaryland.edu. Review of applications will begin December 1, 2009 and will continue until the position is filled.

University of Maryland is an Equal Opportunity/Affirmative Action Employer.

POSITION OPEN

ASSISTANT PROFESSOR POSITIONS • DEPARTMENT OF PHARMACOLOGY & CHEMICAL BIOLOGY • UNIVERSITY OF PITTSBURGH SCHOOL OF MEDICINE

Applications are invited for tenure-stream Assistant Professor positions in the Department of Pharmacology & Chemical Biology. Candidates who have a Ph.D., M.D. or equivalent graduate degree are being recruited to expand a strong cadre of faculty.

The University of Pittsburgh School of Medicine currently ranks 6th among NIH-funded academic medical centers, and the department is consistently one of the top NIH-funded departments of pharmacology. The School of Medicine and the department are executing an exciting vision for both the expansion and integration of basic research, clinical investigation, and patient care missions. The department houses state-of-the-art facilities supporting microscopy, mass spectrometry, protein chemistry, gene expression profiling, genetic models of disease, receptor analysis, physiologic monitoring, physical chemistry, organic/combinatorial chemistry and high-throughput drug discovery.

Successful candidates must have excellent communications skills, develop an outstanding, extramurally-supported research program, and be committed to the graduate and medical teaching missions of the department. Salary and benefits are highly competitive, with excellent start-up investments. Although all strong applicants will be considered, the department is especially interested in applicants with expertise in cell and organ systems pharmacology, cardiovascular pharmacology, neuropharmacology, endocrine pharmacology, cell signaling, or drug discovery.

Applicants should provide via e-mail a one-page statement of research objectives, curriculum vitae, and contact information for three references by January 31, 2010 to:

Bruce A. Freeman, Ph.D.
Irwin Fridovich/UPMC Professor
Chair of Pharmacology & Chemical Biology
University of Pittsburgh, School of Medicine
W1340 Biomedical Science Tower
Pittsburgh, PA 15261
E-mail: pharmdev@pitt.edu

The University of Pittsburgh is an Affirmative Action, Equal Opportunity Employer.

Line Ad Rate: \$12 per line, 10-line minimum. Line rates are non-commissionable.

Logos and Borders: You can include your logo or put a border around your ad for maximum visibility. The additional cost is based on the number of lines filled by the logo or border.

Cost Estimate: AdNet can provide an estimate of the cost of your line ad. Please email ad copy to adnet@faseb.org. Line ads are estimated at approximately 44 characters per

CLASSIFIED ADVERTISING

line. Please allow for slight variations between estimates and actual costs in purchase orders. We will provide gratis three lines, in the following format:

**POSITION TITLE (IN BOLD) •
DEPARTMENT / DIVISION •
INSTITUTION**

These three lines will be assigned by the *MI* classified editor on the basis of information provided by the advertiser in the body of the ad.

Online Ad Posting: Line ads are also posted on the ASPET web site at no additional charge. The ASPET web site receives an average of 432,000 page views per month.

Ads are posted online within 3 business days of AdNet receiving a finalized order.

Submissions: Ad copy should be submitted via email to adnet@faseb.org. You must include contact name, phone number, billing address, and purchase order number in your email. Credit cards are accepted in place of PO numbers.

Recruitment Display Advertising: Molecular Interventions accepts recruitment display ads. Advertising rates and specifications for recruitment display ads are the same as for product advertising. Display rates and specs can be found at www.molinterv.org or email adnet@faseb.org.

Ph.D. Training in Molecular Pharmacology Department of Pharmacology

Schools of Medicine and Pharmacy (SSPPS) University of California, San Diego

The Department of Pharmacology at UCSD provides Ph.D. training in all aspects of molecular pharmacology, from basic mechanisms of signal transduction to disease and therapeutics and rational drug design. Graduate students typically are trained under the auspices of the Biomedical Sciences Graduate Program with a specialization in Molecular Pharmacology. The program is supported by the largest NIH-funded Pharmacological Sciences Predoctoral training grant.
